

9-1-1 Emergency Information - warning stickers

You must place 911 Service warning stickers in a visible location on your telephone device or other device using VoIP Services.

The following standard-size sticker templates make it easy to print 911 stickers for the phones at your business.

To print the 911 Service warning stickers:

1. Purchase Avery label templates.
2. From the list below, select the Word document that corresponds with the appropriate label size template.
3. Load the sticker sheet into your printer.
4. Open the 911 template and print directly onto the sticker sheet.
